*Now available:*  
**Low cost alternative  
to VIAGRA® tablets!**

Sildenafil, the active ingredient in Viagra®, is now available in a generic 20mg tablet, and it is MUCH cheaper than Viagra®.

*Example:*

<b>20mg (#50) tablets of Sildenafil</b>	<b>=</b>	<b>100mg (#10) Viagra®</b>
<i>cost \$80</i>	<b>VS</b>	<i>cost \$420</i>

It is Generic ToGo's desire to assist you in reducing your patients' cost and increasing their ability to pay for their ED medication.

We cannot substitute any prescription (or refill) written for Viagra® without a phone call to the prescriber to authorize the following, so please write all new Rx's in this format.

*Note:* This is the FDA approved generic of Revatio® 20mg tablet. The FDA has not approved generic Viagra® even though the active ingredient is identical, just different in strength.
